CASALE DONNA MITA

Casale Donna Mita, our crown jewel, located only five walking minutes from the historic center of Rotonda and less than 8kg from Piano Pedarreto, takes its name from its last owner, Lady Mita who belonged to a noble family. The country house was built in the second half of the 19th century and it served as an agricultural estate. The family spent their holidays in the upper floors, while agricultural work and equipment were kept in the rooms below. The Casale is built in Rotondese limestone, original Lucanian style and is surrounded by a large plot of land and a long avenue that leads to the main road. Today this magnificent residence, renovated and made comfortable by the numerous services available, is used as a holiday home, with a fabulous and well- stocked library.

The surrounding garden hosts a large relaxation area, with hammocks, swings and a fully equipped space for picnics, together with a beautiful swimming pool with a particular shape that recalls the while “poverello” bean (Fagiolo Bianco), a PDO product from Rotonda.

Food Experience

Zio Franklin

Unique pizzeria, launched with the intent of representing the territory in a brand new way, matter of fact it is precisely from the combination of the best typical Italian products and the excellences of the territory that serve as seasoning, that the great “personalities” of Uncle Franklin’s pizzas were born: the best flours, San Marzano PDO tomatoes and the authentic fiordilatte mozzarella cheese are among the food commodities with which our expert master chefs give life to simple and natural Lucanian pizzas. Nowadays Zio Franklin is one of the most modern and popular pizzeria in the area, able to meet the taste of locals as well as that of tourists in town.
